If you wish, to promote the exchange and sharing, you can provide a little attention for our guests (eg local specialty of your region, ...)

\* Hot water is sometimes not available in all rooms.

### *Transportation*

Transportation by air-conditioned private minibus. Bali is a particularly privileged destination: its island character and its small size make it a relaxing destination, with short transfers.

You only carry your belongings for the day, your big luggage stays in the bus during the day and your activities.

### *Budget & exchange*

**The currency in Indonesia is the Indonesian Rupiah, Rp (IDR)**

Visit <http://www.xe.com> for the latest currency converter and exchange rates. You can withdraw Indonesian Rupiahs from in-country ATMs or exchange money at the airport/local currency exchange offices. ATMs and exchange desks are only found on bigger islands like Bali (Denpasar, Ubud, Sanur). The cost of an average meal in Java is around 3€ to 8€; in Bali it is 4€ to 11€.

When purchasing souvenirs, we ask that our travellers resist the temptation to buy traditional items which are part of local families/the countries heritage. We also ask our travellers to respect the Species Protection Agreements (CITES) which aims to protect more than 2,500 species of animals and 30,000 species of threatened plants by prohibiting the trade of hides, ivory, scales,

corals, shells, and the import of live exotic animals.

## **Tips**

---

Tipping is not an obligation and must be left to everyone's discretion.

Nevertheless, in Indonesia it is customary to leave one when you are satisfied with the service rendered. Its amount depends on the appreciation of it and must take into account the local economy.

Tips too important, given the general standard of living of the country visited, destabilize local economic balances. As a reminder, the tip is a supplement and does not replace their remuneration. Indeed, anyone acting on our trips being paid elsewhere.

---

As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously.

We respect the 'Leave No Trace' outdoor ethical code and try to explore this beautiful location whilst causing minimal environmental damage.

The Leave No Trace policy can be summarized in 7 simple steps which we hope you will follow during our trip...

1. Be prepared
2. Stick to trails and camp overnight right
3. Stash your trash and pick up waste
4. Leave it as you find it
5. Be careful with fire
6. Respect wildlife
7. Be considerate of other visitors

Over the years we have built up good relations with our local suppliers and we are keen to support local businesses as much as possible. We are a small company and we pay our local partners and suppliers directly insuring fair rates.

Our small group sizes not only provide a more intimate adventure but also cause less impact on the environment and local communities.

We expect all who travel with us to support and uphold our Sustainable Tourism philosophies.
