--> If you wish to have your own room, the single supplement is 290\$.

### Transportation

Transportation by air-conditioned private minibus. Bali is a particularly privileged destination: its island character and its small size make it a relaxing destination, with short transfers.

### Budget & exchange

**The currency in Indonesia is the Indonesian Rupiah, Rp (IDR)**

Visit <http://www.xe.com> for the latest currency converter and exchange rates. ATMs and exchange desks are only found on bigger islands like Bali (Denpasar, Ubud, Sanur). The cost of an average meal in Java is around 3€ to 8€; in Bali it is 4€ to 11€.

When purchasing souvenirs, we ask that our travellers resist the temptation to buy traditional items which are part of local families/the countries heritage. We also ask our travellers to respect the Species Protection Agreements (CITES) which aims to protect more than 2,500 species of animals and 30,000 species of threatened plants by prohibiting the trade of hides, ivory, scales, corals, shells, and the import of live exotic animals.

### Tips

Tipping is not an obligation and must be left to everyone's discretion.

Nevertheless, in Indonesia it is customary to leave one when you are satisfied with the service rendered. Its amount depends on the appreciation of it and must take into account the local economy.

Tips too important, given the general standard of living of the country visited, destabilize local economic balances. As a reminder, the tip is a supplement and does not replace their remuneration. Indeed, anyone acting on our trips being paid elsewhere.
